

CEG provides sustainable facility management services to government and private sector clients.

SERVICES

Our Facilities Management team seeks to keep customer properties running at the highest level of efficiency and safety. By providing well maintained and high functioning facilities, our customers can focus on achieving their core mission.

FACILITIES

Exterior services include building envelope assessment and maintenance, landscaping, stormwater management, and accessibility. Interior services include cleaning, maintenance, renovation, indoor air quality, life safety, mechanical systems, and general tenant management.

ENVIRONMENTAL

CEG offers environmental services such as management of lead-based paint, asbestos, mold, PCBs, and other hazardous substances. This could involve assessment, remediation, and the implementation of environmental compliance programs.

ASSET MANAGEMENT

We offer complete asset management services. Our team includes professionals from engineering, construction, and environmental services. Together, we deliver sustainable and resilient facilities to support our customer's mission.

- Facility Condition Assessment
- Operations Management
- Zoning Determination
- Building, Stormwater, Subdivision, & Land Development Permitting
- Stormwater Structure Inspections
- Maintenance Inspection Reports
- Energy Assessments
- Environmental Services
- Smart Technology
- Landscaping
- Commissioning
- ADA Compliance
- Maintenance Work Tickets

Smart. Sustainable. Solutions.
